

Sec. 15 "AuvecoPak" AP384 RETAIL MERCHANDISER

NOTE: AuvecoPak part numbers are the same as standard Auveco part numbers with an "AP" prefix. Thus AP11146 is the AuvecoPak version of 11146.

AUVECOPAK

The AuvecoPak merchandisers (AP384S and AP384L) provide 384 of the fastest moving, most popular automotive body hardware and specialty fasteners in a one-price package all on one 6-panel merchandiser. Each panel contains 32 part numbers per side. The AP384S (Starter Merchandiser) consists of one package each of the 384 part numbers. The AP384L (Large Merchandiser) includes two packages each of the 192 most popular items and one package each of the other 192 part numbers for a total of 576 packages.

With just a glance, two attractive header signs identify the AP384 as an Auveco merchandiser, the name synonymous with automotive body hardware and specialty fasteners.

Initial set-up is as easy as 1-2-3 since the panels come "pre-dressed" with the AuvecoPaks already in place. Simply position the top and bottom brackets on a gondola or pegboard wall. Insert the panels into the brackets and you're ready for business.

An individual panel measures 6-1/2" (wide) x 17-1/2" (front to back) x 44-1/2" (high) – maximum coverage in minimum space. AuvecoPak 6-panel merchandisers (AP384S and AP384L) fit on a gondola with 48" x 48" of pegboard or on any pegboard wall.

A gondola is not included with the AP384S or the AP384L. Auveco customer service reps can recommend a source for gondolas.

The attractive green AuvecoPak packages feature eye-appealing, contemporary graphics with all the necessary application and descriptive information in trilingual verbiage (English, Spanish and French-Canadian) as well as locator codes that identify their location on the panels. The AuvecoPak part numbers are the same as the standard Auveco part numbers with an "AP" prefix. Thus AP11146 is the AuvecoPak version of 11146.

We've made re-ordering a snap by putting the AuvecoPak part number and a UPC-A bar code on the panel back-up boards beneath each hook. Then restocking the merchandiser is also quick and easy since the AuvecoPak packages contain locator codes that identify their specific location on the panels.

AP384S (Starter Merchandiser): one package each of 384 part numbers

AP384L (Large Merchandiser): two packages each of the 192 most popular items and one package each of the other 192 part numbers for a total of 576 packages.

QUIK-SELECT II

*A Great Marketing Concept
For New or Existing Accounts*

If you're looking for more variety of coverage and want to be sure that there is enough product to finish the job, Quik-Select II is your answer.

Take the step up in body hardware coverage with Auveco's new Quik-Select II assortments. Quik-Select II's feature a polypropylene box that's larger (13-1/16" Wide x 8-13/16" Deep x 2-1/4" High) than our regular 6800 series Quik-Select assortments, and thus not only provide a larger variety of parts in each assortment but they also contain a greater number of each part per compartment.

The assortments come in 12, 18 and 24 compartment, translucent, durable polypropylene boxes with lid labels complete with O.E.M. numbers, sizes, product pictures, code 128 barcodes and the Auveco part numbers for ordering refills.
